SUMMARY

Full Stack Developer skilled in Python and JavaScript based programming with strong problem solving skills. Thrives in high-stress environments. Eager to apply my skills and continue to learn and make valuable contributions as part of a team.

TECHNICAL SKILLS

Python, JavaScript, OOP, Flask, Django, Django REST, React, Git, SQL, PostgreSQL, HTML5, CSS3, Bootstrap

TECHNICAL PROJECTS

JS Currency Converter - [Github](#)

App made with Vanilla JavaScript using the Exchangerate API

- Developed a JavaScript application with HTML and CSS
- Using the Exchangerate API to generate conversions for any currency based on user input amount
- Used DOM Manipulation and CSS to style the interface and create an interactive app

Python Django AI Movie Suggestions - [Github](#)

App made with Python Django using OpenAI and IMDB APIS

- Developed a Python Django application for browsing movies and TV shows, incorporating AI-generated suggestions
- Leveraged OpenAI's GPT API to generate personalised recommendations and descriptions for movies and TV shows
- Integrated the IMDB API for displaying recommended movies and enabling browsing and searching functionality

EXPERIENCE

Combat Soldier

IDF

11/2020 - 12/2022

- Trained in weapons handling, marksmanship, and close-quarter combat techniques. Through regular drills, live-fire exercises, and field missions, I honed my skills and developed a strong sense of discipline, responsibility, and teamwork.
- Collaborated with fellow soldiers and superiors to execute operational objectives, contributing to the team's success.
- Developed a strong sense of discipline, responsibility, and accountability, ensuring effective performance in all tasks.

EDUCATION

Full Stack Web Development, Python and JavaScript program

Developers Institute, TLV Coding Bootcamp

Ramat Gan, Israel

03/2023 - 06/2023

LANGUAGES

English - Native, Hebrew - Fluent
